♻️ Waste management rules

To maintain the cleanliness and harmony of your Escale Romantique apartment, please follow these simple guidelines:

🗑️ Household waste

- A built-in bin is located under the kitchen sink.
- It contains two black plastic bags, reserved exclusively for household waste.
- At the end of your stay, please empty this bag in the outdoor waste area (located to the right of building 8's entrance). 🔑 The same key for your apartment opens this area.

♻️ Recycling

- In the waste area, you will find large recycling bins:
  🟡 Yellow: for packaging, plastics, cardboard, and recyclables
  ⚫ Black: for household waste

🍾 Glass

- A green bin is specifically for glass.
- It is directly accessible in the apartment's storage area.

Thank you for helping protect our beautiful Alsace by respecting this selective sorting.
